Graduating BSIT Student | Available for Full-Time Employment (2026)

CAREER OBJECTIVE

A graduating Bachelor of Science in Information Technology student seeking an entry-level IT position where I can apply my skills in web development, technical support, and system management. During my On-the-Job Training, I gained hands-on experience in troubleshooting, system monitoring, and assisting in daily IT operations. I am eager to contribute these skills in a professional work environment.

EDUCATIONAL BACKGROUND

Tertiary
STI College Tanauan (2022 – Present)
Secondary
St. Thomas Academy (2011 – 2015)
Primary
Christian College of Tanauan (2010 – 2011)

TECHNICAL SKILLS

- Web Development: HTML, CSS, JavaScript, PHP (Laravel)
- Database Management: MySQL
- IT Support: Troubleshooting, system setup, basic technical support
- Networking (Basic): IP configuration, internet setup
- Tools & Platforms: Firebase, Hostinger, Cloudflare
- Programming: Java

PROJECTS

JobConnect Sto. Tomas – Web-Based Job Application and Tracking System
Capstone Project / System Developer

- Developed a web-based platform for PESO to manage job postings and applicants
